DETAILED ACTION

Response to Remarks

1. Applicants' Remarks as filed 12/11/09 have been fully considered but they are not persuasive. The Applicant presents an argument of which cited prior art references do not teach: A) displacing the at least one mirror for selecting a part of the image while holding the object in the stationary position.

However, after careful scrutiny of cited prior art references, the Examiner must respectfully disagree, and maintain the grounds of rejection for the reasons that follow.

In response to the argument A), Fujiyama et al clearly discloses displacing the at least one mirror (Fig. 4, 22, rotation of the mirror) for selecting a part of the image (X)(Fig. 4, selecting X, where X can be selected from 0 to X1) while holding the object in the stationary position (Figs. 4-5; col. 12, lines 55-68; col. 13, lines 1-15).

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 22, 24, 26, 28, 32-34, 36, 40, and 42 rejected under 35 U.S.C. 103(a) as being unpatentable over Fujiyama et al (5,190,632) in view of Liu et al (5,998,796) as previously discussed in the last Office action as filed on 8/11/09.

Conclusion

4. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
